6	Description of Actions to Achieve Compliance
7	Due to the recent situation in Houston ship channel, the nomination we had in place for delivery ended up not being delivered in the end. The barge was delayed due to loading issues, and the terminal would not let us stay alongside as other vessels waiting to get in. In Brownsville only small DMA qty avail, which would not have helped considering the changeover. We have new nomination in place for upcoming call to Houston again.
